Purpose: Letter of intent for creating a program for inventory management of a shoe store that makes sales and records any movement in your inventory.

Dear Ms. Katheryn Paola Toledo Morejón.

The development group S-Developers, will create a program that allow you to keep an appropriate record of your inventory and that at the same time allows you to generate sales of your products, the purpose of this letter of intent is to summarize what will make the program to be delivered.

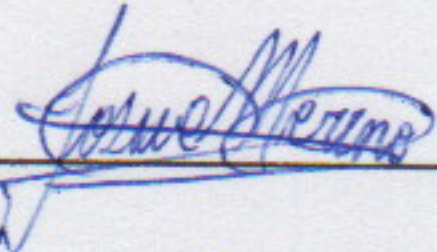

1. S-Developers will create the program for Ms. Katheryn Paola Toledo Morejón.
2. Ms. Katheryn Paola Toledo Morejón and the S-Developers development group will strive to agree on the functionality of the program and the requirements assigned by Ms. Toledo Morejón will be static and if this were not the case, any changes regarding the requirements must be reported in advance.
3. The necessary parameters and requirements will be clear and precise to avoid any inconvenience.
4. The system will be developed in the English Language.
5. The system will allow adding, modifying, deleting and displaying the inventory if it were modified.
6. The system will allow sales and generate invoices.

This document is just a Letter of Intent. It does not attempt to be or should in any way constitute a legal or binding agreement and shall not impose any legal duty or obligation on either party.
